

Celebrating three decades of partnership

Join us for the 30th anniversary of the Center for International Forestry Research

Tuesday, 30 May 2023, 13:00 to 16:30

Please join us for an exclusive forward-looking celebration at the Center for International Forestry Research (CIFOR)'s global headquarters in Bogor, Indonesia. This event will include an anniversary lunch and afternoon meeting and will provide a unique opportunity for high-level exchanges exploring how the recently-merged CIFOR-ICRAF can contribute its expertise on forests, trees and agroforestry to meet the aspirations of Indonesia nationally and globally in the years to come.

CIFOR-ICRAF is ideally placed to showcase Indonesia's leadership in sustainable forestry and agroforestry on the global stage. CIFOR's merger

with World Agroforestry (ICRAF) in 2019 extended its partnership network to over 60 countries, with over 730 dedicated staff shaping global discussions through cutting-edge research findings and on-the-ground action. This, and a shared history of deep engagement in Indonesia, amplifies our potential for impact.

We cordially invite you to join the anniversary lunch and high-level exchange, which will take place from 13:00 to 16:30. We sincerely hope you will join us to explore future pathways towards a more prosperous, resilient and green future for all. You are welcome to bring an aide.

RSVP

We kindly request you to RSVP by
16 May 2023 to Lotta Hedberg,
l.hedberg@cifor-icraf.org or
WhatsApp 08118110605

For seating arrangements and security, should you bring an aide please provide their full name and function. Please let us know of any dietary restrictions.
